Getting Started

A clear brief helps us review your project with suitable manufacturers.

01 What do you need to get started?

Share a technical file (tech pack) or product references, an estimated order quantity and your target delivery date.

02 What is the minimum order quantity?

The minimum depends on the product, fabric and selected manufacturer. We clarify it for your project.

03 How are price and lead time confirmed?

After reviewing the product details, we confirm pricing and estimated lead time with the selected manufacturer.

04 How does sampling work?

We coordinate sample development and the client approval process with the manufacturer before production proceeds.

AGREED FOR EACH PROJECT

Fabric composition, product specifications, order quantities and production terms are clarified from your brief with the selected manufacturer. Any testing requirements are discussed and confirmed for that project.
